SOUTH HOLLAND PUBLIC LIBRARY

FREE 

Free wireless Internet access is available throughout the library building during our hours of operation:

Monday - Thursday: 10:00am to 8:30pm

Friday: 10:00am to 5:30pm

Saturday: 10:00am to 4:30pm

All wireless users must abide by the policies of the South Holland Public Library, including the Internet Use Policy.

System Requirements:

- Laptop computer, PDA, Smartphone, or other mobile device capable of accessing the Internet.
- Wireless network interface that supports the 802.11a, 802.11b, or 802.11g wireless networking standards.
- Software and drivers supporting your wireless network interface.
- Web browser such as Firefox, Internet Explorer, or Safari.

Connecting to the SHPL Wireless Network

Most devices will automatically connect. Simply open your web browser to begin using the Internet. You may have to temporarily disable any firewall and/or virus protection software.

If your laptop computer does not automatically connect to the SHPL Wireless Network:

(these instructions pertain to a PC running Windows XP)

- Right-click the wireless network icon in the lower right-hand corner of your screen, and choose *View Available Wireless Networks*.
- Click on **SHPL**, then click *Connect*.
- Click OK and re-open your web browser.

If the above steps do not work:

- Right-click the wireless network icon in the lower right-hand corner of your screen, and choose *Open Network Connections*.
- Right-click on *Wireless Network Connection* and choose *Properties*.
- Double-click on the *Internet Protocol TCP/IP* option.
- Verify that *Obtain IP address automatically* and *Obtain DNS server address automatically* are both selected.
- Click OK twice, close the *Network Connections* window and re-open your web browser.

If that still did not work:

- Right-click the wireless network icon in the lower right-hand corner of your screen, and choose *Open Network Connections*.
- If *Disabled* appears under *Wireless Network Connection*, right-click it and choose *Enable*.
- Return to the top of the page and follow these instructions again.

For Apple and Macintosh laptops, PDAs, Smartphones, and other mobile devices, please consult your device and/or operating system owners manual.

Wireless Network Security:

Wireless Internet access poses the same risks as any other Internet Access, as well as some additional risks. You may not wish to submit credit card information or other personal information while using a wireless internet connection.

The South Holland Public Library wireless Internet connection is unsecured. The Library assumes no responsibility for any loss or damage incurred or arising from the use of the Library's wireless Internet access. Use it at your own risk.

Wireless Printing:

Printing to the library's printer is available!

- Go to www.southhollandlibrary.org
- Click the Wireless Printing icon
- Follow the on-screen instructions

There is a detailed how-to guide available at www.southhollandlibrary.org

Staff Assistance:

Library staff cannot provide technical support or assistance for patrons using their own devices. Please consult your device and/or operating system owners manual, or technical support services offered by your device manufacturer.
